Diabetes Prevention Center

- Overview of the Diabetes Prevention Center's Diabetes Prevention Program:
 - The mission of the National Kidney Foundation of Michigan (NKFM) is to prevent kidney disease and improve the quality of life for those living with it.
 - Began implementation of DPP in 2012 and achieved full recognition under the CDC's DPRP in 2014.
 - >1550 individuals have participated in DPC's DPP
 - Detroit, Flint, Ann Arbor, and Grand Rapids offices all deliver program in community settings, health centers, and workplaces
 - Community Health Worker (CHW) model for program delivery. Over 100 lifestyle coaches trained.
 - Participants supported by health plans, grant funding, and self-pay. Preparing to become Medicare DPP Supplier.
 - Grant focus: low income, vulnerable communities (CDC 1422, Getting to the Heart of the Matter, MDHHS Disability Health Program)

THANK YOU!
