

Summer Network Meeting

July 14th 2015

1:00pm-4:00pm

Welcome

- Welcome/housekeeping
- Network activity
- Meeting objectives
- Overview of the MI Diabetes Prevention Network
- Resources
- CDC/MDHHS Updates

Network Activity

Common Ground

- Working together in groups (your table), write a list of everything you have in common
- Avoid the obvious (ex: we are at the same table, we are at the same meeting)
- Can be personal or work related
- You have 10 minutes to complete

Today's Meeting

- **Michigan Diabetes Prevention Updates** (Tamah Gustafson, Michigan Diabetes Prevention and Control Program)
- **Priority Health and National Kidney Foundation of MI-Collaborative Attack on Diabetes** (Kandi Jezak, Priority Health and Dr. Arthur Franke, National Kidney Foundation of Michigan)
- **2:30-2:45pm BREAK**
- **Revving up the Motor City for Diabetes Prevention** (Paula Green-Smith and Ifetayo Johnson, Co-Coordinator-Urban Health Resource *Change Your Lifestyle. Change Your Life.*)
- **NKFM: Are We There Yet?** (Arlene Guindon, National Kidney Foundation of Michigan)
- **Wrap-Up** (Tamah Gustafson, Michigan Diabetes Prevention and Control Program)

MI Diabetes Prevention Network Overview

- Networking
- State/National DPP Updates
- Support and Resources to help individuals and organizations implement DPP
- Long Term Needs and Sustainability
- Strategic Partnerships

Network Website

www.midiabetesprevention.org

The screenshot shows a Windows Internet Explorer browser window displaying the Michigan Diabetes Prevention Network website. The browser's address bar shows the URL <http://www.midiabetesprevention.org/index.html>. The website's header includes the logo and the title "Michigan Diabetes Prevention Network", with navigation links for "Home", "Recruiting Materials", "Mapping Reports", and "Find a DPP". The main content area features a heading "Michigan Diabetes Prevention Network" followed by a paragraph explaining the network's purpose. Below this, there is a section for "Upcoming Network Meeting Dates" listing two meetings: one on July 14, 2015, and another on October 28, 2015. A section titled "Location of Network Meetings" provides the address of The Michigan Public Health Institute. To the right, a map of Michigan is shown with several counties highlighted in blue, under the heading "Diabetes Prevention Program". The browser's status bar at the bottom indicates "Internet | Protected Mode: On" and a zoom level of "100%".

Michigan Diabetes Prevention Network

The Michigan Diabetes Prevention Network was created to support and engage partners in diabetes prevention and serve as a vehicle to share information and resources. These resources are intended to help you as you deliver your diabetes prevention programs.

If you want to share something from your organization with everyone, let us know. If you have suggestions for resources you would like us to share, let us know that too! For more information contact Jennifer Edsall at edsallj@michigan.gov.

Upcoming Network Meeting Dates

- July 14, 2015, 1:00-4:00pm
[Register for the July meeting](#)
- October 28, 2015, 1:00-4:00pm

Location of Network Meetings

The Michigan Public Health Institute
2436 Woodlake Circle
Suite 300

Diabetes Prevention Program

A map of Michigan showing county boundaries. Several counties, including those in the western and central parts of the state, are highlighted in blue, indicating the locations of the Diabetes Prevention Program.

Internet | Protected Mode: On 100%

MDHHS Updates

● Media Campaign

- On June 15th, the Michigan Department of Health & Human Services (MDHHS) started a multi-media health awareness campaign
- Radio, print ads, digital custom targeting, billboards and Facebook posts
- Goals:
 - Increase awareness around managing and preventing type 2 diabetes
 - Increase referrals to DPP and DSME programs and to encourage taking healthy actions and physical activity
 - Direct public to MDHHS Diabetes website www.michigan.gov/diabetes
 - Media locations: SE Michigan, Detroit, Grand Rapids, Lansing, Muskegon and Saginaw

MDHHS Updates

Michigan Department of Health and Human Services

When you increase physical activity and eat healthier, you can lower your risk of developing Type 2 diabetes by as much as 58%. Take control of your health and learn how you can prevent diabetes and its complications at www.michigan.gov/diabetes.

MDHHS Updates

- **Prevent Diabetes STAT: Michigan Meeting**
 - Partnership among MDHHS, AMA and NACDD
 - Approximately 90 attendees representing employers, health plans, health systems, DPRPs, Public Health and more
 - Purpose: focus on developing strategies to increase health testing, screening, and referral and health plan and employer coverage of the DPP
 - Next steps: drafting an action plan from meeting summaries with input from partners

MDHHS Updates

- **Network Member Survey Results**
 - 43 Respondents
- Purpose:
 - Determine current MI Diabetes Prevention Network membership
 - Determine sector representation
 - Determine areas where members would like to assist in order to scale and sustain the Diabetes Prevention Program

MDHHS Updates

○ Network Member Survey Results

MI Diabetes Prevention Network Membership Survey

Please choose the sector your organization represents.

Answer Options	Response Percent	Response Count
Business	2.3%	1
Health System	11.6%	5
